

Natural Stone is a relatively hard, naturally formed mineral or petrified matter, produced by nature. Therefore, considerable variations including, but not limited to, color, texture, size, and cleft will occur in all natural stone. Samples, sample panels, brochures, photographs, computer-generated pictures, and the Internet may be, in some measure, different from the stone you actually receive. Laboratory tests, if conducted, are performed on small samples and cannot be totally accurate because of the limited scale of the tests. Please be sure that all involved parties are aware of these facts, so an informed decision can be made regarding natural stone.

Use of Chemicals: Acid or chemical cleaners are not recommended because of the inability of the user to control its use, and are never recommended for Limestone and Marble. User accepts all risks.

DISCLAIMER OF WARRANTY AND DAMAGES:
 Rolling Rock Building Stone Inc. products are provided to you "AS IS" without warranty of any kind, either expressed or implied, including, but not limited to the implied warranties of merchantability, or fitness for a particular purpose.

Tawny™ Product Guide

18 x 18	45 x 45		64	2420
18 x 24	45 x 60		64	3240
24 x 24	60 x 60		32	2160
Mixed Sizes	8 pc. pattern		82 = 200SF	3000

Coping

	Actual Size (Imperial) Inch x feet-inch	Thickness (Inches)	Average Pieces Per Pallet	Approx. Weight Per Pallet (lbs.)
Bull Nose	14 x 24	2	40	2800

Tawny™ Product Specifications

Geology: Quartzite, sandstone

Product Type & Finish: Sawn on 6 sides to nominal size. Thermal finish top surface.

Pattern Cut Pavers: Top surface may reveal tool marks, pot marks, or other markings occasionally. While this is a thermal finish product, it is natural stone and unique surfaces are revealed in production.

Coping: Thermal finish top. One long edge bullnose edge and thermal finish.

Pattern Cut Size: Tawny™ pavers are cut to metric sizes, producing a very high quality product having nearly to square corners. Imperial length and width measurements as indicated in inches reflect a *nominal* size which is approximately 1/8" to 1/2" short of the full dimension.

Special Notice on Pattern Size: This product is an *excellent* choice for dry-laid work due to the stone's uniform thickness & cut-to-square quality in addition to the ability to match pieces without extensive field cutting. (Example - Two 30 cm lengths = 60 cm.)
